18/7/10 Muni Sami Chetty's Chattram is a private charity the management of which was at the urgent request of the Founder assumed by Government in their order No. 12504/150 - Ag 6.2.1891.

unsurveyed and yielded an income of ₹ about Rs 1504/- a year. The village has since been surveyed and it is said that the income after this should be about Rs 720/- a year.

It is a matter of complaint that the extra amount has not been recovered at all since the Survey Settlement of the village ~~This should be separately dealt with~~

The following Gentlemen have been appointed Dharmadarsis for the Supervision of this Charity:—

(1) Mr. Muttiyala Setty, adopted Son of the Founder,

(2) Mr. Lenga Ranjuna Setty, a relative of the Founder.

(3) Mr. A. Ramiah Pandit.

In October 1907 Mr. Ananthasami Rao inspected the Chattram building and called for (1) an estimate for the improvement thereof and (2) proposals for revising the Scale of expenditure.

These have been now received.

The enclosure to the Sub. Division Officer's letter shows the present Scale of expenditure, the Scale of expenditure proposed for the future and the Scale

to be adopted till the Chattram building is repaired.

The Statement of messrs Muttiyale Selly and Tunga Nainna da Selly shows that they agree to the revised revision of the scale of expenditure as shewn in Column 6 of the enclosure referred to above.

The Sub-division officer's proposal embodied in Column 7 means that the feeding is to be stopped till the Chattram is repaired. This is what is generally done in the case of Government Chattrams if there are no funds for repairs. I should have recommended it in this case also if there were not the complaint that the income according to the Survey Settlement is not being recovered. If steps are taken for the recovery of this amount, there can be no doubt that money for repairs will be forth-coming. Still then, as repairs are very urgently required (I have seen this building also both as Sub-division officer of Mupone and as Muzrai Superintendent) we may lend funds from some other institution, if provided that the Deputy Commissioner can recover the arrears.

If feeding is not to be stopped, the question for adopting Mr. Amiah Pandit's proposal will have to be considered. In this connection reference is invited to the file relating to Mr. Mulliyala Selly's Complaint about this proposal.

As the estimate has not been countersigned by the Dy. Commissioner the draft returning the same and calling for further information is submitted for approval or other orders.

The Parpattegar being now reported to be dead, the question of establishment will not apparently cause any inconvenience to any body. The Dy. Commissioner has also stopped feeding temporarily.

Remembered

No doubt this institution is reported to have more than Rs. 700 at its credit. This will be required for expenditure during this current year. The chief source of income is the Kuri-cess on the Kuri lands which is recoverable once a year.

Even according to the scale proposed by the Sub-Divisional officer Rs 200 a year are required. So the balance at the end of this year will be only Rs 700 ie Rs 400 less than the amount of estimate. If the revenue for this current year is also collected there will be enough funds next year provided we adopt the scale proposed by the Sub-Divisional officer ie. We stop feeding.

The complaint is that the entire revenue is not recovered. So the stopping of feeding may also give room for complaint by the dependents.

If feeding has to be continued ie if the annual expenditure is like Rs 711 there will only be a small balance for repairs. So danger of a loan.

If the arrears cannot be recovered after earnest attempts are made we may stop feeding and recover the loan amount in two years.

The Dy Commr
Mysore Dt.

Sir,

I inspected the
Municipal Chatram
in Doddetta, Mysore,
on the 30th ultimo,
~~this morning~~ in company
with the Asstt Commr.,
the Amildar & the Dharmadarus.
The Chatram building
is ill ventilated & the
floor of it is very damp.
In its present condition
it is not quite fit for
habitation. The Dharmadarus
suggested certain improvements
to be effected to the buildings

It appears to me to be necessary that a responsible Officer of the D.M.W. should see the buildings and report upon the improvements suggested. I am directed to take that you will ~~request me to proceed~~ proceed to be so good as to request the Executive Engineer to inspect the buildings in company with the Asst Comm.r and to favour Govt. with his opinion in the matter and also to have an Estimate of the required improvements prepared. The Estimate

should however be well within the amount available at the credit of the Chatram. It was stated that there was a sum of about Rs 900, but this should be verified & the exact savings reported.

2. It was also represented that out of the sum of Rs 42-12-0 per mensem allotted for feeding in the Chatram about 3/4 ths of it is being utilized for Pay & to the Parpattegar, Cook and another who receive pay in addition aggregating Rs 12-12-0. Out of the small balance left, no feeding

appears to be actually
carried out
I am directed to request
the favour of your
instructing the Dharmadarsis
to go into the question
and submit proposals
with the opinion of the
local Officers desirable
Govt. to revise the scale
in accordance with the
present requirements
so that feedings may be
carried out as originally
intended by the donor.

3. The favour of a detailed report on the above is requested at an early date

Sir,

With reference to your memo No. 816 dated 8th February 1910 I have the honor to submit herewith a Statement of income and expenditure prepared by the amildar in connection with Chikmeni Sawmy's Chattram in Mysore. The chief objects with which it was endowed were (1) the worship of the deity and (2) the feeding of brahmins

The

The building is in such a
condition that unless it is repaired in a
year or so it will collapse.

The Executive Engineer has prepared
an estimate for the repairs at a cost of Rs
1147-0-0. But there were Rs 692-15-8 at the
credit of the institution at the close of May.
A Taluk cheque from the Sanjanged
Amildar for Rs 303-9-9 has been received
but not yet cashed. The total amount
thus comes to Rs 996-9-5. The expenses for
the current month Viz June as per old
arrangement comes to Rs 5-5-8-0. The net
amount that will be available at the
end of June will therefore be 941-1-5
which thus falls short of the estimate by
about Rs 205/-

In order to meet the deficiency and
effect

of repairs I beg to propose a scale of reduced expenditure until the work is finished: and annex a comparative Statement of the present as well as that proposed by the Dharmadarsies and myself. After the building is restored the recommendation of Mr. Anniah Pundit may be brought into force tentatively for two years. If it proves satisfactory it may be adopted permanently.

The entire file of vernacular records are herewith forwarded for kind reference.

Sir,

I have the honour to retransmit herewith duly countersigned the estimate amounting to Rs. 1147/- for repairing the Munisawmy Chetty's Chattram in Doddapetta Mysore city received with your letter NO: 559/Muz.244-07-4 dated the 18th August 1910 and to state that the Sub Divisional Officer, Nanjangud Division, has been requested to make earnest endeavours to collect the arrears due by the ryots of the Alagranchi village.

2. During the recent heavy rains a portion of the Chattram came down and the D. P. W. Overseer specially attached to this District who was directed to inspect the Chattram in question reports that the repairs of the portion that has come down may cost about Rs. 100/-. This amount will, I trust, be made good if Cuddapah slabs be used for flooring instead of burnt stone slabs provided in the accompanying estimate and Industrial school tiles as flooring with may be done at Rs 15/- per square instead of Rs 18/-.

3. The repairs to the Chattram being required urgently I request that the work may be ordered to be carried out by the D. P. W. as per accompanying estimate, the estimated cost Viz., Rs. 1147/- being sanctioned by Government as a loan pending the collection of the arrears.

4. The Sub Divisional Officer, Mysore Division, has been requested to issue orders to the Amildar of the Mysore

Mysore Taluk to revive feeding inthe Chattram as usual.
